

**IN THE SPECIFICATION:**

Please replace paragraphs 5 and 18 with the following paragraphs annotated with changes made.

[0005] To alleviate this problem, payment for some digital data products are requested on a voluntary ~~voluntarily~~ basis. Also, digital data can be distributed from a web site after a pre-determined amount of funds are received for the digital data product. This allows the distribution of digital data products over the Internet while also allowing copyright holders the opportunity to receive the benefit of royalties.

[0018] The requestor **110** requests content from the request receiver **125** of the content vending machine **120**. As shown in **FIG.1**, the requestor **110** may be wirelessly coupled to the content vending machine **120** wherein Bluetooth-compliant transceivers may be employed. In the illustrated embodiment, the Bluetooth-compliant transceivers are wirelessly coupled via a Bluetooth communications environment as defined in the Bluetooth Specification, Version 1.1 and incorporated herein by reference. A copy of the Bluetooth Specification, Version 1.1 can be obtained at <http://www.bluetooth.com/> Bluetooth.com. Alternative embodiments may wirelessly couple the requestor **110** through conventional infra-red, radio frequency and other current or future wireless technologies.
